

School Board

Distribution of Materials

The agenda for and minutes of Board of Education meetings are available, upon request, to any organization or resident of the District. A copy of such materials may be picked up at the Administration Building. The Board will review the costs associated with making copies of these materials and may impose charges for them if necessary.

Also, materials prepared for the Board for specialized purposes (i.e. budget, audit, curriculum guides, etc.) are available for review by residents at the office of the Superintendent.

Other informational materials -- furnished to the Board for its meetings or other purposes -- will not be available for general routine distribution. However, unless confidential, materials of this nature will be available for review at the office of the Superintendent upon request, as long as reasonable time is allowed for the preparation or collection of these materials.
