

**General School Administration**

**Policy Implementation**

The Superintendent will be responsible for carrying out the policies established by the Board. Also, he or she will tell the Board about any reactions of school personnel and/or the public to the policies.

The administrative staff of District 204 will be responsible for supporting the policies established by the Board, as well as the administrative procedures recommended by the Superintendent.

Adopted:                    12/13/00
