

INSTRUCTION

6:145 Migrant Students

The Superintendent will develop and implement a program to address the needs of migrant children in the District.

A migrant student is a “child who has moved within the last three years across state or school district lines with a parent or guardian or on his/her own to obtain qualifying temporary or seasonal work in agriculture or fishing. Qualifying work must be directly related to (1) planting, harvesting or processing of crops, dairy products, poultry or livestock or (2) catching or processing of fish or shellfish. Children and youth through the age of 21 who have not graduated from high school may be eligible.”

This program will include a means to:

1. Identify migrant students and assess their educational and related health and social needs.
2. Provide a full range of services to migrant students through appropriate local, State and federal educational programs, including applicable Title I programs, special education, gifted education, vocational education, language programs, counseling programs, and elective classes.
3. Provide migrant children with full and appropriate opportunities to meet the same challenging State academic standards that all children are expected to meet.
4. Provide advocacy and outreach programs to migrant children and their families and professional development for District staff.
5. Provide programs, activities, and procedures for the engagement of parents/guardians and family members of migrant students in an understandable format and language.

Migrant Education Program for Parents/Guardians and Family Member Engagement

Parents/guardians and family members of migrant students will be involved in and regularly consulted about the development, implementation, operation, and evaluation of the migrant program.

Parents/guardians and family members of migrant students will receive instruction regarding their role in improving the academic achievement of their children.
